

## **Trendlines Announces that Most Valuable Portfolio Company's Product on Schedule for Product Launch**

MISGAV, Israel, 12 June 2017 -- The Trendlines Group Ltd. ("**Trendlines**" or "**the Group**") (SGX: 42T; OTCQX: TRNLY), a leading Israeli investment and innovation commercialization company, focused on early-stage, high growth innovation-based medical and agricultural technologies, today confirmed that the product developed by its Most Valuable Portfolio Company ("**the MVP Company**") is on schedule for launch in 2018.

In November 2014, the MVP Company referred to in our financial reports as our Most Valuable Portfolio Company, signed an asset purchase agreement with an independent third party ("**the Acquirer**") for the acquisition of the MVP Company's developed medical device product ("**Product**"). The acquisition price includes cash payment at closing, milestone payments, and royalties from future sales of the Product, as described in Note 8B of the Group's audited financial statements for the financial year ended 31 December 2016. In addition to a cash payment which was received at the initial closing in November, 2014, Trendlines Incubators – Israel Ltd., the Group's wholly-owned subsidiary, has additionally been paid approximately US\$1.6 million in dividends, to date, upon the MVP Company's completion of certain milestones.

As Trendlines and the MVP Company are bound by a confidentiality agreement, additional details of the agreement cannot be disclosed. However, the Acquirer has provided the following updates and granted permission to release this information:

- The product launch continues to be on schedule in 2018.
- The Acquirer is currently in the process of establishing a high-volume manufacturing facility for the production of the Product.

Under the terms of the agreement, once sales of the Product begin, the Acquirer will make royalty payments to the MVP Company which, in turn, are expected to be distributed to the MVP Company's shareholders, including Trendlines Incubators – Israel Ltd.

Trendlines will provide further updates to the status of the MVP Company's Product as it gets closer to market launch and as authorized by the Acquirer.

Commenting on the confirmation of the product launch, Todd Dollinger, Chairman and CEO of Trendlines stated, "We are very pleased that the product launch is on-time and rapidly moving forward. From the corporate perspective of the Trendlines Group, the royalty stream which is scheduled to begin in 2018 when sales commence should contribute positively to our cash flow position in the future."

###

### **About Trendlines**

Trendlines is an innovation commercialization company that invents, discovers, invests in, and incubates innovation-based medical and agricultural technologies to fulfil its mission to improve the human condition. As intensely hands-on investors, Trendlines is involved in all aspects of its portfolio companies from technology development to business building. Trendlines' shares are traded on the Singapore Stock Exchange (SGX: 42T) and in the United States as an American Depositary Receipt (ADR) on the OTCQX International (OTCQX: TRNLY).
